Conspiracy theorists have pointed to pictures of the remains of George Soros and his dead son Viktor Soros The removal of another body from a cemetery in Mechelen on Monday was revealed to be the body of a dead man who had been kidnapped in late January. It was reported in February that the body of the kidnapped man had been discovered in a boat in Belgium and that it had been subjected to a post mortem examination. Now a second man has reportedly been kidnapped and an autopsy carried out. The Forensic Institute of the Vlaams Gerechtshof in Antwerp have not commented on the man's death. But conspiracy theorists have pointed to pictures of the remains of George Soros and his dead son Viktor Soros.
