It began on August 14 and ended in November 5. For the first time, clubs qualified for the playoffs based on their performances over the entire season and not only the last 19 matches. This meant that even teams that finished the season in last place could qualify for a playoff spot. The top team in each of the four groups in the Apertura and Clausura tournament contested the promotion playoffs, plus the 3rd placed team in group 2, while the bottom teams in group 1 and group 3 were relegated to the Primera B Metropolitana. However, teams from the Primera B Metropolitana were not eligible to the Copa Libertadores but they could face the reserve teams of the twenty Primera División clubs in a series of play-offs to determine the relegated teams, that has not happened yet. The relegation to Primera B Metropolitana is based on the rules for the 2014/15 season. Changes from 2009 season Relegation play-offs The winners of each group of the Apertura and Clausura tournaments contested a two-leg play-off to determine the team to be relegated to the Primera B Metropolitana. The first leg was played on August 7 and the second leg on August 14. The matches were played at home team's ground. If you feel like you are having a hard time juggling the different tasks needed to be completed in a day, then perhaps you need a better system to keep track of them. As the name suggests, Activity Manager is a small program designed to help you manage your task more efficiently. Add all to-dos, tasks and other activities with just one click Following a swift and uneventful installation, the app creates an animated icon in the middle of your screen. You can get started by right clicking on it and selecting the Add activity option. When adding a new task you can select the date, starting and finishing hours, icon and type the actual activity, task and to-do in the dedicated area. On a side note, while you have several icons to choose from, you cannot add a custom icon. When closing the Add activity window, the app reverts to the animated icon on the desktop. You can configure it from the System menu to display the current time. In case you want to review your list simply click on the My Activities button located in the lower section of the Add Activity window. You can easily move the icon in any area of your screen, as there's a good chance it will start bothering you at some point. In addition, you can stop the animation and make it smaller via the right-click menu in the System Tray. Unfortunately, once you close the icon, you basically close the app as well, which may not be very convenient in certain situations. A simple and straightforward personal task manager In the eventuality that you are feeling overwhelmed by the sheer number of tasks you need to complete in a day, then perhaps you can consider using Activity Manager. The app allows you to add all items to a list along with a due time, so you can tend to them based on importance and deadline.
