#### **What's new in Elden Ring:**

Ride Big, Reach High, and Destory Evil with the Grapplinator! We're back with another fun-filled update for our loyal community, friends. We just completed a major update that includes a new set of game mode, a fresh new set of characters, and a couple of changes to the customization section (we've removed the ability to change your class, while added the ability to change your own customization data). We've also converted some outdated controls to more intuitive steering controls, and moved our Facebook button from the top-right corner to the bottom-left corner...just be sure to enjoy these updates while they last, as we plan on releasing multiple updates until the kickstarter campaign has officially launched. First Update of the Weekend: The nominations for the 12th annual Screen Actors Guild Awards recognize the best performances by film and television performers for 2018. The nominees are chosen by SAG members who are eligible to vote in all non-television awards categories. Inclusion of non-television films has never been an issue among SAG voters because it is the 12th guild that screens all the films, from limited releases to limited festival screens, that are eligible to be nominated in their individual guilds, plus the SAG Awards. There are five SAG-nominated films opening in theaters and an additional nine films that received awards from other guilds — but the nominations from the SAG Awards will be the films' only recognition by a major studio. These include the biographical film "The Favourite" (Fox Searchlight) which won the Golden Globe as Best Film - Drama and has four SAG nominations, including nominations for Best Ensemble and Best Supporting Actor for Brian d'Arcy James. "If the Motion Picture Academy has taught me anything, it's that all of the studio system does is cream the top 10%. I've done 14 years of this, this will be the 15th. And if there's no understanding of the movie exhibitor at all, how in the world do you become a millionaire?" Turturro said on Twitter following the announcement, referencing Disney's \$1.52-billion acquisition of Fox next year.Q: ColdFusion 2010, Can I make the cookie expire only if the Request.Form variable 'Modified' is updated, if so how?
