The game also features a sleeker and more powerful game engine, including improved lighting and increased visibility and performance.

Fans of the series can experience the intensity of the digital pitch through Player Impact 2.0, which features more realistic impacts on players and the ball, and six-axis AI motion capture, which adds a new dimension to the game. This year's launch also marks a new partnership with Microsoft, the manufacturer of the Xbox One console. The game will be available exclusively on Xbox One in November. The preview version of the game is available now on Xbox Game Preview, while the full game will arrive Nov. 22. You can learn more at FIFA.com.

Africa will be able to use the version of the highly cost-effective wind turbine, which is manufactured by the Japanese company, tomorrow, a German trading company has announced. The company says it will distribute the short-term loan turbine (STL) across the continent, but the only country able to use it today is Botswana. "The Swiss company was the first to announce that it would distribute the STL to Botswana on a purely commercial basis. As we now have excellent customer relations, it is clear that we are able to provide the STLS across the continent with immediate effect," said Stephan Bohlander, Sparkassen CEO. "This proves that the demand for the STL, which is also generated in China, is so high that a company is able to ensure that every country in the world can use the turbine." Through a suitable agreement, the group is able to use the full performance of the turbine and so far, its rate of performance

is considerably higher than that of the German competition. Depending on the wind conditions, the turbines operate between 9 to 15 hours a day. Of the 195 turbines installed so far, 118 are operational. At the end of 2016, the company had around one million euros in revenue and around 2.5 million in operating costs. The company also has around 150 direct employees and almost 50 indirect ones. "The international business potential of the group is particularly strong at the moment," said Simon Schweizer, member of the supervisory board at Sparkassen AG. "There are no doubt many important markets as part of the value chain that we can also make use of," said Rainer Lang, Sparkassen AG AGM. "A lot of the potential lies

### **Fifa 22 Features Key:**

- FIFA Ultimate Team Mode is back. Player Attributes have been rebuilt from the ground up for the next generation of football and offer insight into what each player has been doing in his or her career.
- Goalkeepers - Know your keeper and tailor your tactics to your style. This year's goalkeeper match will have you and your defense working together for the win.
- Additional New Features - Watch a match in 4K, get an eye in on the most competitive in the world with the Ultimate Team controller, and more.
- Power player - Create an all-new AI in "Power Player." Designed to be more tactical and execute more pre-planned strategies, the AI makes plays throughout your game, even before your player is in a position to play the ball. New Football-Style Engine - WORLD CLUB STYLE Fans seeking the most authentic football experience will find it in FIFA 22. Powered by the all-new Football Style Engine, it brings FIFA 22 closest to real-life football in 3 key areas of gameplay: Impact, Instinct, and Speed. This new engine pushes the boundaries of what is possible in a football game and delivers authentic player behaviors and movement, creating a game that is more responsive and more intuitive. With FIFA 22, the new physics engine revolutionizes how players move, feel and act when on and around the ball, and all this is done in real-time. Beautiful Player Shapes - FIFA players are the game's most important visual assets, and you can now customize player appearances with highly realistic animated 3D skins. In addition to popular visual upgrades such as bigger, deeper-set eyes, brows, teeth, and other facial details, you can also change to any new player appearance by acquiring and customizing new Goalkeeper, Defender, and Midfielder Skins and using two new Player Kits featuring Authentic Team Logos and Player Shapes.

Enjoy the all-new Dynamic Defending System that determines how aggressively your defense reacts to the three main attacking play-styles from around the world, including the deadly Counter-Attack.

REALISM ENHANCED Tackle impacts are now more realistic; game physics have been updated to make your defenders react to every single tackle. From crowd, Players and the ball itself all contribute to an increase of motivation in game play. Your players get stressed

Build the ultimate team from over 600 players, with new players being added on a regular basis. Compete in friendly matches, tournaments, knockout and league cups. Ultimate Team offers four different types of games. Soccer, where you build and play a team of random players. Squad Battles, where you build and play your own custom player. Merciless where you build and play another user's squad. Team Training, where you can train your players as well as take a look at historical matches and kick up the World Cup atmosphere in the stadium. FUT Draft and League Play (Casual Mode) – Play any number of matches and build your squad of players. In League Play, you can compete against other players or teams in regular and cup competition. Once you've finished a league campaign, you can continue your FUT career by competing in a playoff campaign. And, if you're lucky, you'll be able to qualify for the FIFA Club World Cup! Player Stories – Search for and unlock 30 FUT mode playable players. These match-made leaders will help your team take on their opponents in different situations, adapting their playing style to your own. Player Customisation – Be the player you want to be in FUT. Customise your players from a variety of categories. Create the look, feel and skill to play as you want. First Touch Control – A new First Touch Control (FTC) system has been implemented in FIFA 22 that will offer a more authentic experience with your actions on the ball. Any single player or the goalkeeper will be able to perform active and reaction-based maneuvers during gameplay. Improved ball physics will ensure an accurate, intuitive, and immersive feel. PLAY AS AN EXPERIENCE With FIFA 22, EA SPORTS will introduce the Ultimate Team Experience (U-TEAM), providing enhanced content and features for the sport of soccer. These include: Post match U-TEAM Moments – It's now even easier to interact with the game after the final whistle, with new Post Match Moments featuring an All-Star squad of your favourite players taking on an opposition All-Star squad. When your favourite player scores, perform an ultimate celebration and write a personal story for your career, get feedback from your fans, and reminisce over the match in U-TEAM Moments. FIFA is the most famous sports franchise in the world. The game has sold more than 125 million copies worldwide since its launch in 1996 and has been at the forefront of innovation for many years. This year's FIFA features fundamental game-play changes in all of the game modes: FIFA 22's new UCL™ mode will introduce realistic top-tier gameplay with thousands of new tactics and gameplay variations. FIFA Street™ returns, with Street Pass and several new tricks and abilities. FIFA Ultimate Team™ has become a completely new experience, as players evolve their FUT squads and battle against their friends'. FIFA Mobile™ features a new take on the game that challenges players' skills with a variety of gameplay modes, including FUT Champions. FIFA 22 comes with EA SPORTS Football Club, the game's premiere soccer community: more than 15,000 new FUT players join in each week. FIFA 22 Features Influential new change from last year's game... UCL: The Ultimate Club puts players in a game-like environment, full of real-life tactics and surprises. Join the UCL™ to kick off against the stars of the Premier League, Bundesliga, La Liga and Serie A. Take on real-life opposition in any of the 211 UEFA official licensed teams. Never play the same team twice. Your opponents change every week In the UCL™, you and your opponent each play in different squads, each with their own team of more than 40 real-life players, all with real-life ratings. The new UCL modes are inspired by the UEFA Champions League™ and UEFA Europa League™. Getting to know some of the players you'll encounter in the new UCL. Key Features In UCL, players are selected from the 211 official licensed UEFA teams in real-life, all with individual ratings that can be edited from 70 to an all-time high of 110. You'll play the opposition at their strongest and will battle against players from the Premier League, Bundesliga, La Liga and Serie A. Rather than a single match, you'll be sent to a game-like environment to compete against each week's opposing team, who'll also come to the same
