The most recent data suggest a possible role of vitamin D in the pathogenesis of multiple sclerosis. Here we report on 10 patients with multiple sclerosis showing complete or partial deficiency of vitamin D, as determined by low serum level of 25-hydroxyvitamin D3. The results of our study suggest that administration of vitamin D seems to be beneficial for the control of symptoms of multiple sclerosis. This may be of major clinical importance for patients with multiple sclerosis who often complain of fatigue.Assisted primary hypospadias repair using the tubularized urethral plate: report of a case. A 6-week-old girl had a huge penile hypospadias with a bladder opening located on the ventral surface of the corpus cavernosum. The urethral plate was elevated and tubularized in a ventral perineal approach and the ventral surface was reconstructed with the aid of a subcutaneous pedicle flap. The hypospadias is corrected with a small meatal opening and a ventrally placed urethral catheter. The long-term follow-up showed no complication or urethral fistula.Mr. Goodnight A Joke? by H.P. Lovecraft "He was once the equal of the most famous American story-tellers." -Edgar Allan Poe Shivering before the vast vaulted arches of the old house, Pete Wilson looked at the squalid little garden and the mean, poverty-stricken neighborhood with keen misgivings. "This ain't no place for my kids to grow up in," he thought. "This ain't no place for nobody to grow up in." Reaching
