## **Pamali: Indonesian Folklore Horror - The Hungry Witch Crack +**

In this Indie Game, we follow a pregnant woman named Kirana. She comes from a family of crafters which makes her a pregnant woman. However, one night she came back home after finding out that her husband died. In that night, everything has changed. Now, not only her own life but her unborn baby, are pursued by an immediate danger. In a life-threatening journey, Kirana must find a way to save her baby and defeat evil before it gains the power to engulf the world in darkness. LOOK TO BANGLADESH WORLD: The Art and Background of the game cover the Balinese cultural aspect of the game. Making the best decision whether to stay and protect your unborn baby or to leave your life, in the game. You'll experience an eerie atmosphere while exploring Balinese forests, temples, and Balinese graveyard. What will happen next to Kirana? Are you ready to meet the Hungry Witch and make sure to finish your goal? DECISIONS, EFFECTS AND ISOLATION: The game has Multiple outcomes and it determines your fate. Even the smallest information can make a difference. You can choose to run away from the very beginning and choosing to protect your unborn baby in a different way, but heed the consequences. Just imagine, if you were in that situation, what would be the best thing you should do? Just remember, be careful so that you wont regret your own doings. BONUS LEVEL: Easy Mode: Easy mode is accessible by only pressing the O key. In the game, this takes Kirana to a non-dynamic version of the levels. Special items and abilities are locked in Easy mode. The only difference is the control is limited. Hard Mode: Hard Mode is accessible by only pressing the X key. In the game, this takes Kirana to a dynamic version of the levels. Special items and abilities are unlocked in Hard mode. The only difference is the control is unlimited in this mode. The Hungry Witch is a Lovecraftian horror on the Indonesian island of Bali. Upon the death of Kirana's husband, to save the baby from the hands of an unknown evil, she must embark on a perilous journey filled with spirits, vile demons, and a secret society of witches. Could she be destined to fight for her baby's survival? Randomized Levels & Gameplay The entire game is randomized through the use of the R

**What's new in Pamali: Indonesian Folklore Horror - The Hungry Witch:**

Pamali is Indonesian Folklore Horror, a whimsical scroll novel that will have you guessing what will happen next. You don't need to know Indonesian or know anything about Indonesian culture to enjoy Pamali. This is a novel with three layers of fun and a healthy dose of contemporary Indonesian culture. "Pamali" means "hungry witch" in Indonesian. In this tale, a young boy, Ciprian, gets found by a hungry witch who makes him her slave. Soon, Ciprian finds himself pretty much possessed by the hungry witch who becomes a very dangerous force. Pamali is about themes such as child abuse, human trafficking, domestic violence, preachers, religious conversion, made up rites and rituals, ghost stories, war stories, that are influenced by Indonesian culture. Each of these themes can be found today throughout Indonesia. So if you have ever heard of fatwas, shamanism, avunculism, and religious conversion, you've heard of Indonesian culture. And that makes this an easy read even for people outside of Indonesia. The Things a Hungry Witch Has on Her List Ciprian, the main character, wants to go to school and learn how to make wood furniture. In Indonesia, this is a serious feat for a young boy and it takes the girl's father a long time to convince Ciprian's mom to let him go. Ciprian wants to fight the teacher who refuses to let him to go to school. Ciprian wins his first fight where he beats the teacher by charging at her and knocking her down. The teacher reports Ciprian to his principal who frees Ciprian from school. Ciprian's mom wants to talk to the principal and they negotiate getting Ciprian to stop fighting as long as he promised to learn how to make wood furniture. This book draws from three cultures: Indonesian folk culture, Western culture, and contemporary culture. This allows the author to draw on material that the reader is familiar with and still make the novel feel unique. According to the author, she contacted her cousin about the story and asked him for anything she may need to make the story easier to understand in America. This is translated from her two posts on BoonKop, titled Making A Fairy Tale Book for the American Audience and "Being a Writer
