

REPACK Elden Ring SKIDROW CODEX [+ DLC]Keygen For (LifeTime) [Win/Mac] (Latest)

EIN series does not see the "War" as a game that excludes women. Instead, it seeks to give the woman a life that is full of love and is an important part of humankind. With the release of EIN Sword, an action-RPG in which you perform item synthesis with heroes and high-level equipment, EIN gets to create a strong woman-centric title that is full of love. The elements that comprise EIN Sword include a vast world, characters you can freely customize, and an epic drama that brings together elements of "the Elden and the Neutral" to create a mythology with a story that is true and meaningful for both genders. SUMMARY OF FEATURES - A Vast World Full of Excitement 1. The Desert Next to the first-ever real large scale battle, explore a vast desert. A land filled with a large variety of fields, from arid marshlands to an emerald desert. 2. Explore the Desert Enter the purple sand of the desert, where an arcane magic is present. Monsters, epic bosses, and hidden locations are awaiting for you! - The Ruins of Illa The ruins of Illa once served as the capital of an ancient, nation-spanning empire. The mysterious city of Illa, once a jewel of the world, holds unique and dangerous treasures, therefore adventurers flock to the city. - The Capital The capital of Illa is a bustling trade market where the remains of Illa's culture are celebrated. 3. The Forest In the small towns and villages of the Forest, live the residents of the Land Between who are originally from the Neutral Lands. 4. The Plains The plains of the Forest are a living piece of the nature, where birds fill the skies, and the earth is covered in lush vegetation. There are no elves or dragons in the plains, but a variety of monsters that you can adventure in. - The Highlands Mountains that were once settled by the Elden, often known as the Elden Highlands. Explore the land of the Elden, where the mountain ranges are filled with towering giants. - Mountains and Forests Coastal plains, forest, and mountains — these are the diverse lands of the Lands Between. 5. The Earthen Fortress Next to the Elden Plains, is the land of the Earthen Fortress. 6. The City Next to the plains, the city of Illa
