Category:PhenylalkylaminesQ: Cant use ESCAPE on email in my form I'm using  
an email form with a normal text field and a checkbox to post messages. The  
email functionality worked at first, but recently I had an issue where the email  
form would go to the spam folder instead of the inbox. I tried to find solutions  
online, but couldn't find anything. I solved the issue by inserting an if statement  
that checks
