RAM. 120MB HDD. Review Webskape Kiosk [x] Best for Cool Software Not Bad Its a really cool idea and is used by many people here in the office too, I just did a quick download of it to my netbook. Its free, but the paid version is a better, but it took my netbook a bit to get working. The interface was very easy to use and it didnt crash or warn me of any problems when trying to launch. It seemed like it wasnt very stable, even though I followed the instructions I can guarantee that I didnt use the right steps. So, due to the fact it doesnt work on my netbook as of yet, I cant give a final verdict on it yet, but it might be something that is good for your netbook or laptop. So, it is REALLY REALLY good if
