(Elena W.) "I am a rather lighthearted person, but the fact that players can select the one they want to be after the fight made me become a hot-blooded with a fiery desire. In addition to this, having fun by combining with friends (such as the PVP or the asynchronous online) was totally new to me, and it was really enjoyable. □ (Mana) "Even in such a random game, I was able to enjoy it, and I was able to challenge myself as I fight with other people. As a result, I became interested in fighting games, and I played more and more. And I had a much better time. □ (H.R. Raphson) "I found the game's setting to be very intriguing, with a great plot, different types of quests, and the cute and charming characters to be very attractive. I truly enjoyed what I played, and I do recommend the game. □ (Y. Konishi) "I don't normally play games like this, but I received a gift of this game, and I couldn't say no. I thought it would be hard, but it was actually pretty easy, and it was a good way to relieve stress. It's great to be able to play with friends or offline, and I will continue to play it. □ (R. Takei) "All of the characters are awesome, as are the romances. The non-verbalized animations are really good. In addition to this, the setting, character and the other elements, and the whole theme of the game, are all awesome. □ (T. Mitorius) "I thoroughly enjoyed the story and characters, and I could really empathize with them. This was an RPG that I could actually sit down and enjoy. Because of this, I really want to play more of the games that are the same type. □ [Content] The main story was quite funny and interesting. The atmosphere is full of the charm of the Lands Between. 1 You play as a mysterious traveling spirit. Choose your favorite type of character and enter the Lands Between!
