SABRE: A WWII Video Game That Forgot to Sell Itself Brick-and-mortar game stores are struggling to survive, but that doesn't mean the game market has a lack of competition. In the vast, largely untold history of video games, there's a time when the majority of titles came and went under the radar. These games exchanged few, if any, sales, and when they were played by enough people, they lost their way and disappeared. Most of these games have been forgotten, but today we're looking at seven of the most extensive games that have disappeared. The first time we look at some of these titles, we take a look at their removal from sale... and their return. SUBSCRIBE for videos every Thursday!
