This may not be a complete iOS7 transition pack, but it's pretty close and should be of use for all iOS7 users. Install it and see what you think. Please let me know if you find any errors. If you're having trouble with it, I hope you may find my other packs useful: Questions? Feel free to ask, either here or in my Facebook group: iOS 7 looks better than ever, with the flat design and everything being on the same interface. With iOS 7, we don't have to worry about the cut-outs anymore, which is a very big deal for me. Also, they've finally found a way to keep all the notes, videos, etc organized on the homescreen. They've provided this app, called Perfect IOS7, which allows you to apply the new look to your iOS device. After installing Perfect IOS7, I found a few issues with the app: So, here are some small tweaks that you can apply to your device to get the iOS 7 UI as close to perfect as possible. For my iPhone 5, I put 6d1f23a050
